Objective

To secure a challenging position as a fresher where I can effectively contribute my skills in Web Development and Artificial Intelligence & Machine Learning, while continuously learning and growing in a forward-thinking organization.

Projects

Self-Diagnosis Health Care Chatbot | Machine Learning

I worked individually on a Machine Learning project focused on healthcare applications.

- Developed an AI-based Self-Diagnosis Health Care Chatbot using Python and Natural Language Processing (NLP) techniques.
- Implemented NLP algorithms to interpret user symptoms and match them with possible diseases, enhancing accessibility to medical information.
- Designed the chatbot to provide basic disease information before medical consultation, aiming to reduce healthcare costs and improve early awareness.

Airbnb Cloning | Web Development

I explored and implemented full-stack web development practices to build a scalable web application.

- Developed a **short-term rental platform** using **HTML, CSS, JavaScript, React**, and **Firestore**, enabling seamless interactions between hosts and guests.
- Integrated **secure booking features**, **real-time chat functionality**, and a **review system** to enhance user experience and build community trust.
- Implemented responsive UI design and real-time database connectivity to ensure dynamic content updates and smooth user engagement.

Education

Madanapalle Institute of Technology and Science , B.Tech in Computer Science and Technology, Current CGPA: 8.47/10	2022 - 2026
---	-------------

Narayana Junior College , Intermediate, Marks: 895/1000	2020 - 2022
Priyadarshini vidya mandhir , High School, Marks: 517/600	2019 - 2020

Technical Stack

- **Languages:** Java , Python
- **Web Technologies:** HTML5 , CSS3 , JavaScript
- **Database:** MySQL , MongoDB,Sql
- **Expertise:** Web Development
- **Other Skills:** Adaptability, Analytical Thinking, Research, Collaboration.

Certifications

- Introduction to python for beginner from Simplilearn.
- Java Programming Basic Skills-edX
- Certified for what is Generative Ai and Career Essentials in Generative AI by Microsoft and LinkedIn.

Declaration

I hereby declare that the information furnished above is true to best of my knowledge.
